Subject: 717 People Registered for the Grants Webinar!!
Attachments: Region 8 Grants Webinar - 717 People.csv

RLT – I am incredibly impressed! I woke up this morning and we have **717 people** registered to attend the grants webinar today! Thank you all so much for passing along the invite. When we first had the idea of putting on a grants webinar, I thought we would be lucky to get 100 people and halfway through the week we were increasing the capacity of the zoom license! Thank you all so much for helping us get the word out. I am attaching the list of the people who have registered. If you have a chance please scan through this and if you see opportunities for us to reach out to other people please pass along the invitation. I would encourage folks to continue to register because we are going to use that email list to send out a recording of the webinar and other grant information.

Also, I want to respond to a couple of common questions that I received yesterday. The webinar tomorrow will be recorded and posted to the website. However, please encourage folks to sign up even if they can't attend because we are going to email the people who sign up grant related information. We have secured captioners and Spanish interpretation and will also be trying to record the webinar in Spanish to post it as well. There have been some glitches with doing this in the past so I would make that caveat if you get questions. We are sending out the zoom links right now. Unfortunately, there is no automatic way to send the link right when someone signs up using the web signup form on our website so we have to do it manually so it makes sense to do it closer to the webinar.

Lastly, below is a link to the zoom webinar. Please feel free to use it to join today or if anyone you contacted reaches out please feel free to pass it along.

When: Mar 15, 2023 10:30 AM Mountain Time (US and Canada)
Topic: Region 8 Grants Webinar

Subject: Help Us Get to 500! - Grants Webinar on Wednesday

Hi RLT – On Wednesday, Region 8 will be hosting a webinar from 10:30-11:30AM MST to create awareness about upcoming grant opportunities. We are also covering other things that will be helpful for potential grant recipients like how to set up alerts and how you can bolster your application by making connections to our regional science priorities. It's going to be a great opportunity for people to hear from the region on all the upcoming BIL and IRA grants. We are aiming to get 500 people registered for this webinar and we currently have roughly 300 people registered. Please help us spread the word by forwarding the message below to stakeholders that might be interested and ask them to pass it along as well. Reach out if you have any questions!

(Also, if you or other EPA employees are interested in listening please register and you will receive the zoom link on Wednesday morning.)

EPA Region 8 to host webinar on upcoming environmental grant opportunities for

states, tribes, communities, and non-government organizations on March 15

Join us for information on unprecedented funding available for air, land, water, climate change, and environmental justice projects

March 7, 2023

DENVER - Are you interested in learning more about the many new grant opportunities available from the Environmental Protection Agency, but don't know where to start? This webinar is for you!

On Wednesday, March 15, EPA Region 8 will host a webinar from 10:30 AM to 11:30 AM MST focused on current and upcoming environmental grant opportunities associated with the Bipartisan Infrastructure Law and the Inflation Reduction Act. EPA Region 8 includes the states of Colorado, Montana, North Dakota, South Dakota, Utah, and Wyoming, and 28 Tribal Nations.

Please join EPA Regional Administrator KC Becker and EPA staff as we explain the basics on how to find and apply for grants that can help communities protect human health and the environment.

Register below and we'll send you a Zoom link the morning of the webinar. Come prepared to ask questions!

[REGISTER HERE.](#)

Wednesday March 15, 10:30- 11:30 AM
